page. As an alternative, add numerous links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other technique is to test out costs by making a variety of duplicate gross sales pages with completely different prices on each page. Ensure your gross sales copy is strictly the identical on each page, and consists of your selling-handle sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This will inform you what your optimum price is.

Finally, in the event you've written a book that solves a problem or presents a new approach, your book will usher in both site visitors and profits. So be sure to write that selling-handle sentence that sums up what problem your e book solves and what the benefits of your 1337 guide shall be to the purchasers who purchase it. After which watch your market come to you!
