An effective approach for figuring out a price is to send out a survey to your present customers. If these prospects have already bought an e book from you, ask for their opinion in terms of price. Do that by making a gross sales page for the brand new e-book, however don't include a worth on that page. As an alternative, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate gross sales pages with different prices on each page. Make sure your gross sales copy is exactly the identical on every web page, and consists of your promoting-handle sentence. Then work out for each page the conversion ratio between visitors to your website and gross sales of your book. This will tell you what your optimum price is.

Ultimately, in case you've written a guide that solves a downside or presents a new approach, your ebook will bring in both traffic and profits. So you should definitely write that promoting-deal with sentence that sums up what problem your e book solves and what the benefits of your 1433 ebook will probably be to the customers who buy it.
