Besides selling your books assiduously online, there are several other strategies that may show you how to promote extra books.

One is to offer something away without cost with your guide, akin to a useful bonus item. Or bundle several ebooks beneath one price, which lowers the value for each book if they were offered separately.

An effective technique for determining a worth is to ship out a survey to your present customers. If these clients have already purchased an book from you, ask for his or her opinion when it comes to price. Do that by making a gross sales page for the new ebook, but do not embody a worth on that page. As a substitute, add a variety of links to survey questions that ask pointed questions to aid you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a number of duplicate gross sales pages with totally different prices on every page. Ensure that your sales copy is precisely the identical on

every web page, and consists of your selling-handle sentence. Then work out for each page the conversion ratio between visitors to your site and sales of your book. It will let you know what your optimum value is.

In the end, for those who've written a book that solves a problem or presents a brand new approach, your e-book will usher in both traffic and profits. So you'll want to write that selling-handle sentence that sums up what drawback your ebook solves and what the benefits of your 690 e book will probably be to the purchasers who buy it. And then watch your market come to you!
