After you determine your objective, you will need to work out what your audience's want is for your ebook. For instance, does your guide remedy a specific problem? If it does, and solves it in a approach that hasn't been written about in one hundred other ebooks, you may be able to obtain

excessive sales at a excessive price. In case your book solves an issue or solutions questions in a new and distinctive manner, you need to price your e-book as excessive as you may go. Be certain your sales copy is precisely the similar on every web page, and includes your selling-deal with sentence. Then determine for every page the conversion ratio between visitors to your site and gross sales of your book. This can tell you what your optimum value is.
