An effective technique for figuring out a value is to send out a survey to your current customers. If these clients have already purchased an e book from you, ask for their opinion when it comes to price. Do that by creating a gross sales web page for the brand new book, however don't include a price on that page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to help you in assigning a price to your ebook.

Another strategy is to test out prices by making a variety of duplicate gross sales pages with completely different costs on every page. Be certain your sales copy is exactly the identical on

each page, and includes your selling-deal with sentence. Then figure out for every page the conversion ratio between visitors to your website and gross sales of your book. This may inform you what your optimum worth is.

Ultimately, should you've written a book that solves a downside or presents a new method, your book will usher in each site visitors and profits.
